At the conclusion, students shared their feedback, which indicated a high level of satisfaction and a deeper appreciation of the importance of biodiversity and the value of ecosystems.

It's been an mindblowing experience to be here observing the species which I have some seen in text books in real life. And the tutors who have tought here made an excellent work malking us fully understand and not rushing through it And variety of species I've observed is insome!! Hank you for having us here keep doing it and to all akkas who have tought us to and you're been so friendly and that's it.

SIRAPANA AL NEENGTA!!!
